How to apply

To apply, you must complete, where applicable, and provide all items required in paragraph (f), within 60 days of the date you receive this notice.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW., Washington, DC 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.

Help in responding to this notice

The servicing options available to you may become complicated. You may need help to understand them and their impact on your operation. You may want to ask an attorney to help you or there are organizations that give free or low-cost advice to farmers. You may contact your State Department of Agriculture or the U. S. Department of Agriculture (USDA) Extension Service for available services in your State.

Note: Agency employees cannot recommend a particular attorney or organization.

Who will decide if you qualify?

After you submit a complete application, the Agency will determine if you meet all eligibility requirements and can develop a farm operating plan that shows that you can pay all debts and expenses.

What happens if you do not resolve the default or apply within 60 days?

The Agency will accelerate your loans if you do not resolve the default, or apply for loan servicing. This means the Agency will take legal action to collect all the money you owe to the Agency under FLP. After acceleration of your loan accounts, the Agency will start foreclosure proceedings. The Agency will repossess or take legal action to sell your real estate, personal property, crops, livestock, equipment, or any other assets in which the Agency has a security interest. The Agency will also obtain and file judgments against you and your property or refer your account to the Department of the Treasury for collection.

Included with this notice you will find information on:

- (a) Primary loan servicing programs;
- (b) Conservation Contract Program;
- (c) Current market value buyout;
- (d) Homestead Protection Program;
- (e) Debt settlement programs;
- (f) Forms, documentation, and information needed to apply;
- (g) How to get copies of Agency handbooks and forms;
- (h) Reconsideration, mediation, negotiation, and appeal rights;
- (i) Acceleration and foreclosure;
- (j) The right not to be discriminated against.

(a) **Primary Loan Servicing Programs**Eligibility

You must meet the following eligibility requirements to obtain primary loan servicing:

- (1) You must resolve all non-monetary defaults prior to closing the servicing action.
- (2) You must have acted in good faith in all past dealings with the Agency and in accordance with your loan agreements.
- (3) If you are also financially distressed or delinquent, it must be due to one of the following circumstances beyond your control:
 - (i) Illness, injury, or death of a borrower or other individual who operates the farm;
 - (ii) Natural disaster, adverse weather, disease, or insect damage which caused severe loss of agricultural production;
 - (iii) Widespread economic conditions such as low commodity prices;
 - (iv) Damage or destruction of property essential to the farming operation; or
 - (v) Loss of, or reduction in, your or your spouse's essential non-farm income.

(4) You do not have non-essential assets for which the net recovery value is sufficient to pay any delinquent portion of the loan. The Agency cannot write down or write off debt that you could pay with the value of your equity in these assets.

Time limits

If the Agency determines that you can develop a feasible plan and are eligible for primary loan servicing, you will have 45 days from the date you receive the Agency's offer to accept loan servicing.

Lien requirements

If you are offered loan servicing and accept the offer, you must agree to give the Agency a lien on your other assets and you must provide this lien at closing.

Youth Loans

If you have a Youth Loan, it is not eligible for debt writedown, current market value buyout, or limited resource interest rates, but can be rescheduled or deferred. This has no effect on any other loans you may have with the Agency.

Loan consolidation, rescheduling, and reamortization

In loan consolidation, the unpaid principal and interest of two or more operating loans can be combined into one larger operating loan.

In loan rescheduling, the repayment schedule may be changed to cure the delinquency and give you new terms to repay loans made for equipment, livestock, or annual operating purposes.

In loan reamortization, the repayment schedule may be changed to cure the delinquency and give you a new schedule of repayment on loans made for real estate purposes.

When loans are consolidated, rescheduled or reamortized the interest rate will be the lesser of:

- (1) The interest rate for that type of loan on the date a complete servicing application was received;
- (2) The interest rate for that type of loan on the date of restructure; or
- (3) The lowest original loan note rate on any of the original notes being restructured.

In addition, the Agency will consider the maximum loan terms.

Limited resource interest rate

Limited resource interest rates are available for certain types of loans. If you have existing loans which are not at the limited resource rate, and a limited resource rate is available, the Agency will consider reducing the rate of the loans. The limited resource interest rate can be as low as five percent, however, this rate may change depending on what it costs the Government to borrow money.

For information about current interest rates, contact this office.

Loan deferral

Partial or full payments of principal and interest may be temporarily delayed for up to 5 years. You will only be considered for loan deferral if the loan servicing programs discussed above will not allow you to pay all essential family living and farm operating expenses, maintain your property, and pay your debts.

You must be able to show through a farm operating plan that you are unable to pay all essential family living and farm operating expenses, maintain your property, and pay your debts. The farm operating plan must also show that you will be able to pay your full installment at the end of the deferral period.

The interest that accrues during the deferral period must be paid in yearly payments for the rest of the loan term after the deferral period ends.

Debt writedown

Debt writedown can reduce the principal and interest on your loan. The Agency offers a writedown only to delinquent borrowers when the loan servicing programs discussed above and the Conservation Contract Program, if requested, will not result in a feasible plan. To receive debt writedown, the value of your restructured loan must be equal to or greater than the recovery value to the Agency from foreclosure and repossession of your security property.

The recovery value is the market value of:

- (1) The collateral pledged as security for FLP loans minus expenses (such as the sale costs, attorneys' fees, management costs, taxes, and payment of prior liens) on the collateral that the Agency would have to pay if it foreclosed, or repossessed, and sold the collateral;
- (2) Any collateral that is not in your possession and has not been released for sale by the Agency in writing; and
- (3) Any other non-essential assets you may own.

A qualified appraiser determines the value of the collateral and any other assets you own. You may receive a writedown only if you have not previously received any form of debt forgiveness on any other FLP direct loan. The maximum amount of debt that can be written down on all direct loans is \$300,000.

Shared Appreciation Agreement

If you own real estate and receive a debt writedown, you must sign a Shared Appreciation Agreement. The term of the agreement is 5 years. Under the terms of the agreement you must repay all or a part of the amount written down at the maturity of your Shared Appreciation Agreement if your real estate collateral increased in value. Payment of shared appreciation will be required prior to the maturity of your Shared Appreciation Agreement if you:

- (1) Sell or convey the real estate;
- (2) Stop farming;
- (3) Pay off your entire FLP debt; or
- (4) Have your FLP accounts accelerated by the Agency.

If any of these events occur within the first 4 years of the agreement, you will have to pay 75 percent of the increase in value of the real estate. If any of these events occur after the fourth anniversary of the agreement, or if the Shared Appreciation Agreement matures without having previously been fully triggered, you will have to pay only 50 percent of the increase in value. You will not have to pay more than the amount of the debt written down.

(b) Conservation Contract Program

You may request a Conservation Contract to protect highly erodible land, wetlands, or wildlife habitats located on your real estate property that serves as security for your FLP debt. In exchange for such contract, the Agency would reduce your FLP debt. The amount of land left after the contract must be sufficient to continue your farming operation.

(c) Current Market Value Buyout

If you are delinquent and the analysis of your debt shows that you cannot achieve a feasible plan even if the present value of your FLP debt is reduced to the value of the security, the Agency may offer you buyout of your FLP debt. You would pay the market value of all FLP security and non-essential assets, minus any prior liens. The market value is determined by a current appraisal completed by a qualified appraiser. In exchange, your loans would be satisfied.

Limits

To receive a current market value buyout offer:

- (1) You must not have previously received any form of debt forgiveness from the Agency on any other direct FLP loan;
- (2) The maximum debt to be written off with buyout does not exceed \$300,000; and
- (3) You must not have non-essential assets with a net recovery value sufficient to pay your account current if you are delinquent.

Eligibility

To qualify, you must prove that:

- (1) You cannot repay your delinquent FLP debt due to circumstances beyond your control; and
- (2) You have acted in good faith in all past dealings with the Agency and in accordance with your loan agreements.

Time limits

To buyout your FLP debt at the current market value, you must pay the Agency within 90 days of the date you receive the offer.

Method of payment

To buyout your FLP debt at the current market value, you must pay by cash, cashier's check, or U.S. Treasury check. The Agency will not make or guarantee a loan for this purpose.

(d) Homestead Protection Program

Under the Homestead Protection Program, you may repurchase your primary residence, certain outbuildings, and up to 10 acres of land. If you cannot pay cash or Agency financing is not available, you may lease your primary residence. The lease will include an option for you to purchase the property you lease.

This program may apply when primary loan servicing, the Conservation Contract Program, or current market value buyout is not available or not accepted.

You must agree to give the Agency title to your land at the time the Agency signs the Homestead Protection Agreement with you. The Agency will compute the costs of taking title including the cost of paying other creditors with outstanding liens on the property. The Agency will take title only if it can obtain a positive recovery.

Eligibility requirements

- (1) Your gross annual income from the farming operation must have been similar to other comparable operations in your area in at least two of the last 6 years.
- (2) Sixty percent (60%) of your gross annual income in at least two of the last 6 years must have come from the farming operation.
- (3) You must have lived in your homestead property for 6 years immediately before your application. If you had to leave for less than 12 months during the 6-year period and you had no control over the circumstances, you may still qualify.
- (4) You must be the owner of the property immediately prior to the Agency obtaining title.

Property restrictions and easements

The Agency may place restrictions or easements on your property which restrict your use if the property is located in a special area or has special characteristics. These restrictions and easements will be placed in leases and in deeds on properties containing wetlands, floodplains, endangered species, wild and scenic rivers, historic and cultural properties, coastal barriers, and highly erodible lands.

Leasing the homestead property

- (1) You must pay rent to the Agency to lease the property determined eligible for homestead protection. The rent the Agency charges will be similar to comparable property in your area.
- (2) You must maintain the property in good condition during the term of the lease.
- (3) You may lease the property for up to 5 years but no less than 3 years.
- (4) You cannot sublease the property.
- (5) If you do not make the rental payments to the Agency, the Agency will cancel the lease and take legal action to force you to leave.
- (6) Lease payments are not applied toward the final purchase price of the property.

Purchasing the homestead protection property

You can repurchase your homestead property at market value at any time during the lease. The market value of the property will be decided by a qualified appraiser and will reflect the value of the land after any placement of a restriction or easement such as a wetland conservation easement.

(e) Debt Settlement Programs

You can apply for debt settlement at any time; however, these programs are usually used only after it has been determined that primary loan servicing programs and the Conservation Contract Program cannot help you. Under the debt settlement programs, the debt you owe the Agency under FLP may be settled for less than the amount you owe. These programs are subject to the discretion of the Agency and are not a matter of entitlement or right. If you do not have any Agency security, you may apply for debt settlement only. If you do not apply, or do not receive approval of a debt settlement request, your FLP loan accounts will be forwarded to the Department of the Treasury for collection.

Settlement alternatives

Settlement alternatives include:

- (1) Compromise: A lump-sum payment of less than the total FLP debt owed;
- (2) Adjustment: Two or more payments of less than the total amount owed to the Agency. Payments can be spread out over a maximum of 5 years if the Agency determines you will be able to make the payments as they become due; and
- (3) Cancellation: Satisfaction of Agency debt without payment.

Note: The Agency will not finance these alternatives.Processing and requirements

If you sell loan collateral, you must apply the proceeds from the sale to your FLP loans before you can be considered for debt settlement. In the case of compromise or adjustment you may keep your collateral, if you pay the Agency the market value of your collateral along with any additional amount the Agency determines you are able to pay.

Debt amounts which are collectible through administrative offset, judgment, or by the Department of the Treasury will not be settled through debt settlement procedures. You must certify that you do not have assets or income in addition to what you stated in your application. If you qualify, your application must also be approved by the State Executive Director or the Administrator, depending on the amount of the debt to be settled.

(f) Forms, documentation, and information needed to apply

A complete application for primary loan servicing must include items (1) through (10). Additional information is required as noted if you want to be considered for the Conservation Contract Program or debt settlement programs. If you need help to complete the required forms, you may request an Agency official to assist you. The forms for requirements (1) through (8) and (11) are included with this package.

(10) SCS-CPA-026, "Highly Erodible Land and Wetland Conservation Determination." This form must be obtained from and completed by the Natural Resources Conservation Service office, if not already on file with the Agency.

(11) RD-1956-1, "Application for Settlement of Indebtedness." Complete this form only if you wish to apply for debt settlement. You must also comply with any Agency request for additional information needed to process a debt settlement request.

(12) If you are applying for a Conservation Contract, a map or aerial photo of your farm identifying the portion of the land and approximate number of acres to be considered.

Divorced spouses

If you are an FLP borrower who has left the farming operation due to divorce, you may request release of liability. To be released of liability after a divorce, you must present the Agency with the following within 60 days of receiving this notice:

(1) A divorce decree or property settlement document which states the remaining party will be responsible for all repayment to the Agency;

(2) Evidence that you have conveyed your ownership interest in FLP security to the remaining party; and

(3) Evidence that you do not have any repayment ability for the FLP loan through cash, income, or other non-essential assets.

The Agency will make a determination on your request and will inform you of the decision within 60 days of receiving your request.

If you are not released of liability, you will need to include all of your relevant financial information if applying for primary loan servicing, homestead protection, or debt settlement programs.

(g) How to get copies of Agency handbooks and forms

Copies of the forms for requirements (f)(1) through (f)(8) and (f)(11) have been included in this package. You may obtain copies of Agency handbooks, which include the pertinent regulations, describing available programs or additional copies of forms from this office.

(h) Reconsideration, mediation, negotiation, and appeal rights

Reconsideration, mediation, negotiation, and appeal rights will be provided to you if the Agency makes an adverse decision on your request for loan servicing or prior to acceleration of your account.

Reconsideration

If you are determined by the Agency to be ineligible for loan servicing, or if you cannot develop a feasible plan, you may request a reconsideration meeting with the Agency. You must request reconsideration within 30 days of the date you receive the adverse decision. At a reconsideration meeting, you may present additional information to the Agency and explain why you believe the adverse decision to be in error. If the meeting does not change the Agency decision, you will be notified and provided 30 days to request mediation, negotiation, or appeal as outlined below.

Mediation

Mediation is a process for resolution of a disagreement. A trained neutral mediator assists two or more parties in dispute to look at the issues, consider all available options, and attempt to agree on an acceptable solution. If your State has a mediation program approved by the USDA, the Agency will participate in mediation. If there is no State mediation program, the Agency may help you to set up a meeting with your other creditors. If you wish to request mediation, you must make such request within 30 days of your receipt of an adverse Agency decision. If you request mediation prior to requesting an appeal, the 30-day time period for requesting an appeal will be temporarily suspended. If mediation fails to resolve your dispute with the Agency, only the balance of the 30 days will remain to request an appeal.

Negotiation of the appraisal

If you timely submit a complete application for primary loan servicing, but disagree with the appraisal used by the Agency for processing your primary loan servicing request, you will have 30 days to obtain, at your own expense, an independent appraisal which conforms to published Agency appraisal standards. If this independent appraised value is within five percent of the value of the Agency appraisal, you must choose one of these two appraisals for the Agency to use to continue processing your request. If the appraisals differ by more than five percent, you may request a third appraisal for which you must pay half of the cost, and the average of the two appraisals closest in value is taken as the final appraised value to be used in considering your request. If you wish to request both negotiation of the appraisal and mediation, these should be requested at the same time so the negotiation of the appraisal can be concluded prior to mediation. If not requested at the same time, negotiation of the appraisal must be requested first. Negotiated appraisals are not appealable but other issues can still be appealed after negotiation. If you request negotiation of the appraisal prior to requesting an appeal, the 30-day time period for requesting an appeal will be temporarily suspended. If negotiation of the appraisal fails to resolve your dispute with the Agency, only the balance of the 30 day time frame will remain to request an appeal on issues other than the negotiated appraisal.

Appeal

Appeal is a process under which you present evidence to USDA's National Appeals Division which shows that the Agency's adverse decision is wrong. Subject to the deadline suspensions discussed above, your request for an appeal must be postmarked no later than 30 days from the date you received the Agency's adverse decision.

(i) Acceleration and foreclosure

If you do not appeal an adverse determination, if you appeal, but are denied relief on appeal, or if you do not otherwise resolve your delinquency, the Agency will accelerate your loan accounts and demand payment of the entire debt. You may prevent Agency foreclosure on the loan collateral, if with prior Agency approval, you:

- (1) Sell all loan collateral for not less than its market value and apply all proceeds to your creditors in order of lien priority.
- (2) Transfer the collateral to someone else and have that person assume all or part of your FLP debt.
- (3) Transfer the collateral to the Agency.

If any of these options result in payment of less than you owe, you may apply for debt settlement, even if you applied before and were denied. However, applications for debt settlement filed after the 60-day time period provided in this notice will not delay acceleration, administrative offset, and foreclosure.

If the Agency determines that you cannot qualify for debt settlement, you can:

- (1) Pay your FLP loan accounts current;
- (2) Pay your FLP loan accounts in full;
- (3) Request reconsideration, mediation or appeal.

If your real estate security contains your primary residence and becomes inventory property of the Agency, homestead protection rights will be provided.

(j) **The right not to be discriminated against**

The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, age (provided the applicant has the capacity to enter into a binding contract); because all or part of the applicant's income derives from any public assistance program; or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. The Federal agency that administers compliance with this law is the Federal Trade Commission, Equal Credit Opportunity, Washington, D.C. 20580.

The servicing programs described by this Notice are subject to applicable Agency regulations published at 7 CFR part 766.
